

“Obey = to carry out the will of one with more power for their benefit.”

“Obey = to follow guidance designed primarily for your benefit.”

“I can get information and knowledge from anyone. But I only get wisdom, insight, and discernment through coming under another in trust. It comes from the heart. Obedience is the heartfelt choice to follow guidance which will make me wise, discerning and insightful.”

“Whatever obedience you are trying that doesn’t free you is not obedience. And whatever freedom you think you are experiencing which does not lead to heartfelt obedience is no freedom at all.”

“Doing right things from compliance will always, eventually cause me to become anesthetized to experiencing heartfelt obedience.”

“Grace was not instituted by God so we could sin more without guilt. Grace empowers me to delight in obedience, sin less, love more and know I’m sacredly adored completely by Him even when I fail at it.”

“One of best moments of your life is the moment you no longer see obedience as a necessary but annoying joy robber to your faith. You now see obedience as the gift to free you into everything you ever hoped.”
